EMMANUEL SCHOOLS FOUNDATION

PRIVACY NOTICE FOR STUDENTS OVER THE AGE OF 16

You have a legal right to be informed about how our school uses any personal information that we hold about you. To comply with this, we provide this 'privacy notice' to you where we are processing your personal data. This privacy notice explains how we collect, store and use personal data about you.

We, Emmanuel Schools Foundation, Trinity House, Sixth Avenue, Blyth, NE24 2SY are the 'data controller' for the purposes of data protection law.

Our data protection officer is Christine Taylor (see 'Contact us' below).

The personal data we hold

We hold some personal information about you to make sure we can help you learn and look after you at school.

For the same reasons, we get information about you from some other places too – like other schools, the local council and the government.

This information includes:

- Your contact details
- Your test results
- Your attendance records
- Your characteristics, like your ethnic background or any special educational needs
- Any medical conditions you have
- Details of any behaviour issues or exclusions
- Photographs
- CCTV images

Why we use this data

We use this data to help run the school, including to:

- Get in touch with you and your parents/carers when we need to
- Check how you're doing in exams and work out whether you or your teachers need any extra help
- Track how well the school as a whole is performing
- Look after your wellbeing

Keeping you safe

We may share your information with other organisations (like social workers or the police) if we're worried about your safety or the safety of others. This is called safeguarding, and we're allowed to do this under the Data (Use and Access) Act 2025 to keep children safe.

Our legal basis for using this data

We will only collect and use your information when the law allows us to. Most often, we will use your information where:

- We need to comply with the law
- We need to use it to carry out a task in the public interest (in order to provide you with an education)

Sometimes, we may also use your personal information where:

- You, or your parents/carers have given us permission to use it in a certain way
- We need to protect your interests (or someone else's interest)

Where we have received permission to use your data, you or your parents/carers may withdraw this at any time. We will make this clear when we ask for permission, and explain how to go about withdrawing consent.

Some of the reasons listed above for collecting and using your information overlap, and there may be several reasons that mean we can use your data.

Collecting this information

While in most cases you, or your parents/carers, must provide the personal information we need to collect, there are some occasions when you can choose whether or not to provide the data.

We will always tell you if it's optional. If you **must** provide the data, we will explain what might happen if you don't.

How we store this data

We will keep personal information about you while you are a student at our school. We may also keep it after you have left the school, where we are required to do so by law.

We have a record management and retention policy and schedule which sets out how long we must keep information about students, a copy of which can be found on the school's website.

Data sharing

We do not share personal information about you with anyone outside the school without permission from you or your parents/carers, unless the law and our policies allow us to do so.

Where it is legally required, or necessary for another reason allowed under data protection law, we may share personal information about you with:

- The local authority – to meet our legal duties to share certain information with it, such as concerns about student safety and exclusions
- The Department for Education (a government department)
- Your family and representatives
- Educators and examining bodies
- Our regulator e.g. Ofsted

- Suppliers and service providers – so that they can provide the services we have contracted them for, in relation to services provided which support learning
- Central and local government
- Health authorities
- Security organisations
- Health and social welfare organisations
- Police forces, courts, tribunals
- Professional bodies

National Pupil Database

We are required to provide information about you to the Department for Education (a government department) as part of data collections such as the school census.

Some of this information is then stored in the National Pupil Database, which is managed by the Department for Education and provides evidence on how schools are performing. This, in turn, supports research. The database is held electronically so it can easily be turned into statistics. The information it holds is collected securely from schools, local authorities, exam boards and others.

The Department for Education may share information from the database with other organisations which promote children's education or wellbeing in England. These organisations must agree to strict terms and conditions about how they will use your data.

You can find more information about this on the Department for Education's webpage on how it collects and shares research data.

You can also contact the Department for Education if you have any questions about the database.

Youth support services

Once you reach the age of 13, we are legally required to pass on certain information about you to the local authority or youth support services provider in your area, as it has legal responsibilities regarding the education or training of 13-19 year-olds.

This information enables it to provide youth support services, post-16 education and training services, and careers advisers.

You or your parents/carers can contact our data protection officer to ask us to only pass your name, address and date of birth to the local authority or youth support services provider.

Transferring data internationally

Where we share data with an organisation that is based outside the European Economic Area, we will protect your data by following data protection law.

- Give you a description of it
